

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. # PREFACE

IN the preparation of this collection of hymns, the chief aim of the editor has been to provide a suitable and modern accompaniment, which, it is believed, will present no difficulty to the average organist.

Some few melodies have been retained not so much on account of their intrinsic merit, as for the affection with which they are cherished by many of our people. In such cases an effort has been made to supply by the graces and resources of harmony what may be wanting in the perfection of melodic structure.

While the number of hymns selected has been kept within moderate limits, it will be found that the collection meets the requirements of the whole ecclesiastical year.

No 1. Hark! an awful voice is sounding.

Alph: Dress.

*Largo.*

1. Hark! an aw-ful voice is sounding;
2. Star-tled at the so-lemn war-ning,
3. Lo! the Lamb so long ex-pec-ted,
4. So, when next He comes with glo-ry,
5. Hon-or, glo-ry, vir-tue, me-rit,

1. "Christ is nigh!" it seems to say;
2. Let the earthbound soul a - a - rise;
3. Comes with par - don down from Heav'n;
4. Wrap-ping all the earth in fear,
5. To the Fa - ther and the Son,

1. "Cast a - way the dreams of dark-ness,
2. Christ her sun, all sloth dis - pel - ling
3. Let us haste, with tears of sor - row,
4. May He then as our De - fen - der
